Board Order No. 148-72

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: (1) Common Excavation - this item is increased because of an error in the original survey cross sections. (2 & 3) #53 & #2 Stone - this item was required to bring the poor subbase up to city specifications. (4) Private Drive Pavement - this item is increased because the alternate plan to completely rebuild the street was used and the error in the original survey cross-sections. (5 & 6) Manhole & casting - this item was required to take the increased flow from the new sewer system on Stardale Drive plus the drainage from the surrounding landscape. (7) 6" pipe for tapping downspout: this item was required to maintain drainage systems previously established by property owners.

2. Will proposed change alter size of the project? Yes \_\_\_\_\_ No

If yes, explain: \_\_\_\_\_

3. Affect on operation and maintenance cost of this project: The above additions to the contract will increase the street life, therefore, keeping the maintenance and operation cost to a minimum for a longer period of time
